

The *Bulletin of the NYU Hospital for Joint Diseases* is always interested in receiving manuscripts on appropriate topics for possible publication. Articles may contain clinical or basic scientific information related to orthopaedic surgery, musculoskeletal, rheumatological, or neurological diseases. Case reports are also accepted.

## Manuscript Preparation

Manuscripts should be prepared in accordance to the AMA style guidelines. Each manuscript submission must include a title page citing the Title of the article, names and academic affiliations of all authors, and the address, telephone number, facsimile number, and e-mail address of the corresponding author.

The following presentation style should be observed in submitting manuscripts: Abstract, Materials and Methods, Case Histories (if applicable), Results, Discussion, Conclusion, References, Tables, and Figure Legends.

Articles should be typed, double-spaced on 8½ x 11 paper with one inch margins. One printed copy of the manuscript should be submitted along with a copy of the word processor file on a CD.

## Photographs and Illustrations

Photographs and illustrations should be submitted as 5 x 7 prints, with the manuscript title, figure number, and an arrow indicating the top of the illustrations written on back in soft pencil. Digital images may also be submitted on CD and should be high resolution images in the jpeg, tiff, or eps graphic file formats (graphs created in Excel are also acceptable). Laser or inkjet prints of all images should be attached to each copy of the manuscript.

## References
